A MESSAGE TO NEW YORK STATE'S
VIET NAM ERA VETERAN

We in the New York State Education Department want to express our appreciation of your service to our country and welcome you back home. We know that your life and plans for the future were interrupted and we want to help you prepare for that future.

The Education Department has been designated by Governor Nelson A. Rockefeller as the State Approving Agency for the institutional training and education programs in New York State. The Education Department works closely with the Veterans Administration and advises that agency as to which institutions offer programs in keeping with the requirements of the G. I. Bill.

To assist you in making your plans for the future, and if those plans include more education and training, we have published this directory of schools which have been approved for the training of veterans, servicewomen, servicemen, and eligible dependents. The directory includes a wide variety of approved programs and courses which should be suited to your needs.

If you need to finish high school you can do so in a public school system at no tuition charge and at no charge to your entitlement under the G. I. Bill.

If you have completed college you may be entitled to use your benefits for further specialized education and training.

For more specific information about any school, course of program, you are encouraged to write to the school for a catalog and visit the facilities if possible before making a formal application.

It is the sincere desire of the Education Department to assist you in your transition from military to civilian life and the pursuit of an educational program leading to the career you desire.

Faithfully,

Ewald B. Nyquist
President of the University
of the State of New York and
Commissioner of Education

HOW TO USE THIS DIRECTORY

This directory is made up of two parts: a Course Index of all approved courses and programs followed by numbers assigned to schools listed in the second part of the directory, and an Institution Index of all approved schools followed by numbers assigned to courses and programs listed in the first part of the directory.

The letters shown with the numbers of each index mean:

X for Diploma	B for Bachelor's Degree
C for Certificate	M for Master's Degree
A for Associate Degree	D for Doctor's Degree

Look through the Course Index to find out what courses and programs are available and are of interest to you.

You can find out which schools offer the course or program by finding the school, by number, in the Institution Index. You may also find out which courses are offered by a school if you use the numbers listed after the address as a guide to the numbers in the Course Index.

COURSE INDEX

Courses are listed alphabetically by subject area. Cross indexes have been added in some instances for clarification. In all cases, reference should be made to each possible subject area title which may lead to the desired vocational objective. Users of this directory should contact individual institutions directly, in order to determine the suitability of course offerings as to specific objective, content and length.
